

MAEA Offers Safety Consulting Services and Training

OSHA

***Harry Reed,
CDS Loss
Prevention Specialist***

• Harry comes to MAEA with over 25 years experience in managing transportation and industrial safety training and compliance programs. He has served as regional Employee Safety Manager for Consolidated Freightways Inc. one of the nation's largest transportation companies. During his time as Sergeant in the Mt. Olive Township. Police Department he was qualified by the county and state superior courts as an expert in traffic accident investigation.

- Harry is recognized as a Certified Director of Safety by the North American Transportation Management Institute, certified as a Trainer by the North American Transportation Management Institute, and recognized by the U.S. Department of Labor as an authorized O.S.H.A Trainer for general industry.
- Harry remains active in the community by being a member and past chairman of the Pennsylvania Motor Truck Safety Management Council, a member of the New Jersey Motor Truck Association Safety Management Council, and a member of the Eastern Region Transportation Security Council.

Harry is available to assist your company by providing the following services:

- Conduct mock D.O.T or O.S.H.A safety compliance audits.
- Analyze company's risk, report the findings, and offer corrective action.
- Create a safety and compliance program geared specifically for your operation.
- Supplement your existing program with the latest training modules and compliance information.
- Train your Management, employee and contractors in the latest safe driving and safe working concepts.
- Plan and conduct custom safety and awards meetings.
- Monitor company safety performance and trends and make recommendations for remedial action when necessary.
- Conduct follow up motor vehicle and industrial injury reports
- **D.O.T Training programs:**
 - ✓ Drug and alcohol requirements.
 - ✓ Hours of service compliance.
 - ✓ Hazardous materials handling.
 - ✓ Facility, driver & cargo security.
 - ✓ Equipment inspection regulations.
 - ✓ Safe driving techniques.
